Ser No. 21/ ~~23~~.

Recovery of Muzrai dues through the village officers on payment of remuneration for the work.

The Deputy Commissioner, Hassan District, explains that at present the recovery of rent or revenue due to Muzrai Institutions was being done by a clerk of the Taluk Office If he failed to take prompt action and did not maintain the registers properly, prompt recoveries were not possible. The taluk offices were paying very little attention to this work. In some cases mistakes were found a few years hence and the Amildars had to pay the amount from their pockets. With a view to effect prompt collection, he suggested that the collection work might be entrusted to village officers If this was done, the village officers would bring the demand under this head also to the notice of Jamabandy officers during Jamabandy. For this purpose, the shanbhogs might be given two per cent commission, the amount being charged to the temple funds

The Revenue Commissioner supported the proposal.

The First Member of Council observed that in the case of big temples like Chamarajnagar Temple, there was a Revenue Inspector and the system of entrusting the collection work in respect of smaller institutions of the Shanbhogs might be given a trial

The Muzrai commissioner has
that the accumulation of arrears is mainly due to
the fact that the village officers do not evince
much interest in the matter, for they have no
incentive by way of remuneration for the
collections made by them, and that it is with
a view to avoid this anomaly that the Deputy

Commissioner, Hassan District has proposed the payment of 2% Commission to the Shanbhog/ the amount being charged to the temple funds.

2/ The Mysore Commissioner is of opinion that payment of Commission, both to the patel and the Shanbhog, is necessary and not due to the Shanbhog as opined by the D.C. He has therefore recommended that in all cases where the demand is Rs 100 and more per annum, the Shanbhog and the patel may be given a commission of 2% and 1% respectively, on the amounts actually collected by them, the charge being debited to the institution concerned, and that the Deputy Commissioners should be requested with reference to the circular dated 30th April 1930, to issue subsidiary instructions to the local officers in the matter.

SIR,

Recovery of Muzrai dues through the Village Officers on payment of remuneration for the work.

With reference to your letter No.960/Muz. dated 12/16th January '37 re. the above, I have the honor to state that the present question refers to the recovery of rent or revenue due to Muzrai Institutions in respect of their endowed lands other than whole inam villages coming under the management of Government, about which a separate reference has been made to Government in this office letter No.C. 619/36-37 dated 8.3.37

2. The difficulties explained by the Deputy Commissioner of the Shimoga District are real and this unsatisfactory state of affairs was noticed by my predecessor (Mr. P. G. D'Souza) and a Circular No.7/29-30 dated 30-4-1930 was issued by him to remedy the existing defects. A copy of the Circular is enclosed for perusal. It is apprehended that these instructions have not been followed, with the result that arrears of gutta etc., due to Muzrai Institutions are accumulating heavily notwithstanding the fact that the Demand, Collection and Balance statements are periodically reviewed both by the Deputy Commissioners of districts and this office and necessary instructions issued to the local officers. The accumulation of arrears is mainly due to the fact that the Village Officers do not evince much interest in the matter, for they have no incentive by way of remuneration for the collections made by them. It is with a view to end this anomaly that the Deputy Commissioner has proposed the payment of two per cent. commission to the shanbhogs

the amount being charged to the temple funds.

3. I am of opinion that the payment of commission, both to the shanbhog and the patel, is necessary and not alone to the former as opined by the Deputy Commissioner. I recommend that in all cases where the demand is Rs 100 and more per annum, the shanbhog and the patel may be given a commission of 2 per cent. and 1 per cent. respectively, on the amounts actually collected by them, the charge being debited to the institution concerned. As there is reason to believe that the instructions laid down in this office Circular referred to above are not being followed, the Deputy Commissioner's reference will be invited to them and they will be requested to issue necessary subsidiary instructions to the local officers in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

No.7/29-30. Office of the Muzrai Commissioner in Mysore,
Bangalore dated 30th April 1930.

CIRCULAR.

Subject:- Procedure relating to the collection of amounts due to Muzrai Institutions etc.

The Muzrai Auditors report that during the course of their audit of Taluk Muzrai Accounts, they have been finding that action taken to recover the amounts due to the Muzrai institutions is very defective, since even after issue of distraint orders, recovery is not made and that [illegible]nt of counter-check, the matter is allowed to sleep. This will naturally lead to the dues becoming irrecoverable o[illegible] lapse of time.

To rectify the defects, the following instructions are issued for the guidance of Muzrai Officers.

In Annexure I to G.O.No.3095-3106/L.R.265-25-2 dated 18th December 1925 (para 4) under "Village Individual Ledger or Khate", it is stated that a miscellaneous demand register should be maintained for watching the recovery of non-Jamabandy items, such as, Takavi Loans, Boundary Marks, Tank Contribution etc.

In para 5 of this office Circular dated 21-12-28 printed in page 52, Part IV of the Mysore Gazette dated 10th January 1929, it was directed that the collection work in respect of Muzrai Institutions may be entrusted to village servants. This has not been done. Taluk Muzrai Officers are requested to initiate the demand of Muzrai institutions as soon as the sale is confirmed and the lessee is put in possession of the lands, to the village shanbhogue, for bringing the demand in the miscellaneous khate. Recovery of these items should be watched jast as Land Revenue. If amounts are not recovered in time, demand notices should issue from Taluk Office. A separate Demand Notice Register should be maintained in the Taluk Office for Muzrai institutions.

As regards destraint orders, Government, in their order No.R.6280-6334/L.R.287-24-3 dated 21st April 1925, have directed that a time limit should be specified in the destraint order within which, such warrant should be returned duly executed since it is reported that even long after the issue of distraint ~~orders~~ warrants, arrears are not collected, it appears that the re[illegible] of the distraint orders is not duly watched. Taluk Amildars are r[illegible] have the date of issue and the date of return of destraint order in the Notice Register. Muzrai Auditors, when they go round, should this and note the same in their inspection notes.
